Whereas the Social Impact Assessment study for the above said purpose, has to be carried out in Payal-1, Tehsil Payal, District Ludhiana by the Department of Anthropology, Punjab Agricultural University, Ludhiana. The main objective of carrying out the Social Impact Assessment study, is to assess the socio-economic indicators of the project area and to prepare a social impact management plan, such as,-

- (i) to assess whether the proposed acquisition serves public purpose;
- (ii) to assess the number of affected families and number of families among them likely to be displaced;
- (iii) to understand extent of land public and private, houses, settlement and other common properties likely to be affected by the proposed acquisition;
- (iv) the extent of land proposed for acquisition is the absolute bare-minimum extent needed for the project;

- (v) whether the land acquisition at an alternate place has been considered and found not feasible; and
- (vi) to study social impacts of the project and the nature and cost of addressing them and the impact of these costs on the overall costs of the project vis-à-vis the benefits of the project.

Now, therefore in exercise of the powers conferred by sub-section (1) of section 4 of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (Central Act 30 of 2013), and all other powers enabling him in this behalf, the Governor of Punjab is pleased to carry out a Social Impact Assessment Study in consultation with the Municipal Council, Payal.

The Social Impact Assessment study shall commence from the date of this notification and shall be completed within six months.

Any person interested in the manner Social Impact Assessment is being carried out may contact Department of Anthropology, Punjab Agricultural University, Ludhiana.
